

## **“DON'T GET BURNED!!”**

*A CORD OF FIREWOOD measures 4' by 4' by 8' (or 128 cubic feet), tightly arranged with minimal gaps. The seller of non-packed wood is also required to give you a receipt for your purchase. The receipt is to have the seller's name, address, and the purchase or delivery date, purchase price and quantity. Be wary of unestablished wood sellers who have no business location in your area. Ask the wood seller in advance if he would mind you contacting the Weights & Measures department to verify the quantity that he will be delivering. Dishonest dealers will be reluctant to agree to this and you can shop for a more reputable wood dealer. If you have received a short measure delivery and want to file a complaint, call the Santa Cruz County Department of Weights and Measures at: (831) 763-8080*
